

ADVANCE RANGE C432

TYPE	Glasswasher
LINE	ADVANCE RANGE
BASKET	400x400
SIZE	470x535x710h mm

Reliability and ease of use: these are the key words of the **ADVANCE** line. The panel is the real strength of the line thanks to its **4 washing cycles** and one automatic drain cycle (with drain pump installed). On the control panel you can easily view the tank and boiler temperature, the messages of the **Self-diagnosis** system, the **Scheduled Maintenance** warning and the **intelligent Start button**, which changes colour to always display the dishwasher status very easily. The simple and extremely efficient electronic card offers the possibility of setting and controlling the rinsing and draining times, the washing and rinsing temperatures and the relative Thermostops, crucial for ensuring excellent washing results.

The **C432** model is suitable for washing cups, glasses, saucers and dishes with a clearance of up to 310mm.

The standard **double electric rinse-aid and detergent dispenser** ensures maximum hygiene at each wash cycle with great savings: the **moulded washing and rinsing arms** ensure reliability and durability. The bodywork is made entirely of **AISI 304 steel** and has been designed with all of the components in the front for **easy technical assistance**. Sturdy and reliable dishwashers to best deal with every moment of your day.

EN IEC 63136 COMPLIANT MODEL
