

# ADVANCE RANGE

## CH150-BT

TYPE	Pass-through dishwasher
LINE	ADVANCE RANGE
BASKET	500x600
SIZE	620x770x1470/1930h

The **ADVANCE line** with **Break Tank** guarantees maximum performance thanks to the **Acquatech System** installed as standard, which, by means of an atmospheric boiler and a rinse pump, maintains constant temperature and pressure and optimal water consumption.

The **CH150-BT** pass-through dishwasher is able to wash up to 22 pizza plates in a very small space: only 720mm wide while maintaining the same depth as traditional stainless steel entry/exit tables, with a maximum output of 60 baskets/hour (1320 plates/hour). Thanks to the high-performance washing pump and the washing impellers, it is suitable for plates, objects, bread baskets, GN 1/1 and 600x400 trays, being able to insert utensils with dimensions up to 500x600x410(h)mm inside the basket. The hood models feature an easily removable basket support for easy cleaning and a rounded moulded tub with integral filters to ensure perfect drainage and absolute hygiene.

The **'PUSH TO START'** cycle start system ensures less waste by preventing the start of empty washes.

The **ADVANCE** panel is the real strength of the line thanks to its **4 washing cycles** and one automatic drain cycle (with drain pump installed). On the control panel you can easily view the tank and boiler temperature, the messages of the **Self-diagnosis** system, the **Scheduled Maintenance** warning and the **intelligent Start button**, which changes colour to always display the dishwasher status very easily. The simple and extremely efficient electronic card offers the possibility of setting and controlling the rinsing and draining times, the washing and rinsing temperatures and the relative Thermostops, crucial for ensuring excellent washing results.

The bodywork is made entirely of **AISI 304 steel** and has been designed with all of the components in the front for **easy technical assistance**. Sturdy and reliable dishwashers to best deal with every moment of your day.

DISHWASHERS FEATURES	ADVANCE RANGE CH150-BT
Dimensions - (mm) L - P - H	620x770x1470/1930h
n° baskets/hour - (+55°C)	Max 60
Ø height plate max	400mm
Height pot max	395mm
LT bread basket	60 (H=400mm)
Trays	GN1/1 - 60x40
Tank heating element - Tank capacity	4,5kW - 37lt
Boiler heating element - Boiler capacity	5,4kW - 7,3lt
Washing pump	1,34kW / 1,8Hp
Total power input / Current	6,74kW / 16A
Standard input voltage	400V3N - 50Hz
Recommended inlet water temperature	+55°C
Water hardness	7°F - 10°F
Water consumption per cycle (inlet suggested pressure 2 BAR)	2,4 l
Adjustable detergent and rinse-aid dispenser	STANDARD
Acquatech system rinse	STANDARD
STANDARD EQUIPMENT	
Basket for trays 10/12 compartments 500x600x100mm	1
Basket for glasses dim.500x600x100mm	1
Basket for 22 dishes dim.500x600x100mm	1
8 division cutlery insert	1
